

Letter to Superintendents:

This letter is to inform each local educational agency serving schools required to provide supplemental educational services, of Supplemental Educational Service Providers approved for the 2009-2010 academic year. If additional providers are approved, they will appear on this list.

These providers will also be afforded the opportunity to have a PowerPoint presentation placed on the Arkansas Department of Education's website. This presentation serves as a means of informing schools, districts, parents, students, and other interested parties about the various programs and providers.

The Arkansas Department of Education has also included on its website profiles prepared by approved providers. Both the PowerPoint presentations and the provider profiles meet the criteria set forth in Section 1116(e)(5) of the No Child Left Behind Act of 2001.

Providers currently approved to provide supplemental educational services to districts in Arkansas are:
