Daughters of Zion was established in 2006 to educate and prepare female leaders for ministry. While Daughters of Zion All Women's Bible College focuses its college on Theology and preparing women with the Word of God; the focus of our proposed charter school is structured on academic needs for the over age for grade and non religious. The name of the proposed charter school is Guap Academy and we anticipate an open enrollment of 250 students. The location of the proposed charter, Guap Academy is to be determined. The grade levels are 9<sup>th</sup>-12<sup>th</sup> grade.

The mission of Guap Academy is to provide an alternative means for high academic achievement servicing elementary students that are over aged for grade. This mission will accelerate the academic performance of all students as well as accelerate credit accrued for the over age for grade. It will also establish a holistic accountability system that evaluates the academic performance of the school and build community partnerships to support the academic and character development of all students.

Thank you,

Monique Wade
