School districts seeking to employ teachers to teach out of field (not in the field/level in which the teacher is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed teachers are asked to teach in areas/levels for which they do not possess the appropriate licenses/endorsements.

Eligibility guidelines. Teachers must meet the following condition:

- Possess a 7-12 teaching license in one of the following areas: Mathematics, Life/Earth Science, Physical/Earth Science, General Science, English, or Social Studies. (Provisionally licensed teachers are not eligible for this endorsement.)

Assessment requirements: (If not previously completed):

- Praxis II Content Knowledge in the appropriate subject area

NOTE: Test at a Glance (TAAG) study guide booklets are available online from www.teachingandlearning.org. **Any teacher wishing to take any Praxis assessment is strongly encouraged to obtain these study materials.**

Teachers seeking to add this endorsement must successfully complete an approved performance-based program of study and pass the required assessment(s) for the new licensure area. (See the reverse side of this form for the program of study requirements.) The additional area of licensure will be added to the credential when all licensure requirements are successfully completed.

Program of Study

The following areas of learning must be completed to become licensed in grades 5 and 6:

- ✓ Adolescent growth & development
- ✓ Middle childhood teaching strategies and classroom management techniques
- ✓ Diverse learners in the middle childhood setting
- ✓ An Arkansas History Course is required only for those seeking the endorsement in Social Studies. (If the candidate has not previously completed this course.)

Experience background:

The teacher must hold a **7-12 license**, in the one of the four (4) eligible subject areas, before being eligible to enroll in this endorsement program.

Employing school district guidelines.

- The employing district will document the need to assign a teacher out of field by attesting that an appropriately credentialed teacher cannot be found.
- The employing district will file this completed ALP form with the Arkansas Department of Education (ADE) Office of Professional Licensure within 30 days of the out-of-field teaching assignment.
- The employing district understands that a teacher will have no more than three (3) years from the beginning of the out-of-field assignment to complete all competency and assessment requirements for the additional licensure / endorsement area being sought.

School District Assurances:

I certify that the above statements are true and correct to the best of my knowledge.
