School districts seeking to employ teachers to teach out of field (not in the field in which the teacher is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed teachers are asked to teach in areas/levels for which they are not licensed. School districts may not exceed the three-year limit without possible penalty.

THIS AREA MAY NOT BE ADDED BY TESTING ONLY.

Eligibility Guidelines: Teachers must meet the following conditions:

- Possess an initial or standard teaching license
- Seek to add this area of licensure or endorsement
- Be assigned to teach in this area

Teachers assigned to teach in this field must complete an approved performance-based program of study and pass the required assessment(s) for the new licensure area. The additional area of licensure will be added to the credential when all licensure requirements are successfully completed and application is submitted bearing the signature of the university's Licensure Officer verifying completion of the program of study. Test score(s) and official transcript must be attached.

A qualified applicant for this license must enroll and be an active candidate at a college or university that offers an approved Hearing Specialist special education program of study to obtain knowledge and skills in the following competency areas:
