

Formative Feedback

This evaluation tool helps participants summarize their learning and identify questions yet to be answered. Form on following page.

Hand out the feedback forms at the beginning of the session.

+ What was learned... What went well..	ρ Change..	? Questions to be answered..
---	-----------------------------	---

In a learning community each person continues to learn and grow. Please use this form of feedback to help us evaluate our time together.

For the + column:

- List all:
 - That went well
 - That was enjoyable
 - That helped you learn
- Include WHY these were positives for you

For the ρ column:

- List anything that you would change about the day
- Include how you would change what you listed

For the ? column:

- List things that are not yet clear
- List questions you are now asking
